Let the adventure
begin ...

Crossroads
of the
Four Winds

Choose wisely in the underground
a star with five points
guides you to safe realms
but the one with six of them
leads to a monster's evil lair ...

Mining tunnels criss-cross the
land, where gold, silver, lead
and copper are mined.
But the copper is
exhausted and the
mine abandoned ...

The dwarves' border is
guarded well
only those who pay
attention on the journey
to symbols and colours
in the light and in the night
will pass the test
the guardian has devised

SOLREGIA
