Embark on the
adventure of
your life!

I. Near the Bruck am Inn there is a silver place
Seek therein the earth dedicated to our lord
Where a holy man speaks with little birds
And has renounced all of his possessions

II. To find the hiding place in the garden
The portal of the holy building will help you
From the chestnut left of a maple
for the steps towards the polar star
count the arched windows above the gate
then for the steps to the sunrise
count the angular windows to the left of it

III. Where the horns of
Capricorn and ram cross
And where at every moment
Red eagle swoops on golden duck

IV. Look for the last clue
Where all the dead will be
remembered forevermore
Find the tableau with

And press in the inscription
All of the fifth letter in the alphabet
