II.

The second piece hidden deep in one place,
to find him, you have to meet someone on one word.
The squirrel look may show you,
the way to the person in question that day.
Three steps towards the valley, that's the plan,
two to the mountain station, at a monkey's pace
down again, a step into the valley to move on,
finally, with four steps towards the dawn,
towards the goal.

IV.

The last piece hidden deep in a cave,
four animals show you the way perfectly:
connect the beast of the night with the monkey
of the mountains
and then Branch acrobat with the drone.
